

Date: March 29, 2020
To: Penn National Handicap System Members
From: Penn National Handicap Committee

We hope that this series of communications has helped all of our members to better understand the changes implemented by the USGA on January 1, 2020. The active season for posting handicap scores played at Penn National courses begins April 1st.

If you have any questions about the information that the Handicap Committee has provided, please talk to any Handicap Committee member or one of our Penn National Pros. We want this transition to the new Rules of Handicapping to be easy and painless.

We all have roles and responsibilities. As a player we are expected to act with integrity by attempting to make our best score possible and following the Rules of Handicapping. We are also expected to review and certify the scores of fellow players. The members of the Handicap Committee are responsible for ensuring the integrity of the handicap system at Penn National. We also have new additional roles and responsibilities in the new system.

Our intention is to continue providing information about the new system during the golf season at Penn National. The communications would be shorter and directed more towards a specific item in the Rules of Handicapping. We would appreciate your feedback on the communications that we have already provided. Just a brief word to any of the Pros in the Pro Shop or to any Handicap Committee member will be very helpful.

Enjoy your 2020 golf season at Penn National!

Visit <https://www.penngolf.com/golf/membership/handicaps> for this and previous Handicap Committee communications.
